# XIR4 Large Deluxe Gas Insert IR Series Direct Vent Gas Insert

Napoleon® – Providing some of the highest infrared (IR) heat in the industry. Our new IR series direct vent gas inserts feature Napoleon's advanced infrared technology and flame modulation. The new XIR gas inserts offer a modulating dual burner system that results in a firebox filled with a stunning triple flame pattern.

The impressive XIR4 deluxe direct vent gas insert entertains a new level of fire and comfort. With up to 40,000 BTU's and an impressive clean face viewing area, it is a perfect choice for larger rooms where a passion for luxury is evident. Style, comfort and efficiency – the IR Series has it all.

## Napoleon® Exclusive Features

- Exclusive dual burner system allows for full modulation of both front and rear burners from 16,000 up to 40,000 BTU's for maximum heat/flame adjustment
- Front burner can be modulated independently from 16,000 to 22,000 BTU's
- Realistic PHAZER® logs fill the impressively large firebox
- Fuel saving electronic ignition with battery back-up
- Clean face design with a 563 sq. in. viewing area
- Heat radiating ceramic glass
- Exclusive NIGHT LIGHT™ comes standard
- Thermostatic remote control comes standard
- Heat circulating blower comes standard
